BNP Paribas

Leveraging our strengths

Baudouin Prot
Chief Executive Officer

Cheuvreux Conference, Paris

25 September 2008
Disclaimer

This presentation includes forward-looking statements based on current beliefs and expectations about future events. Forward-looking statements include financial projections and estimates and their underlying assumptions, statements regarding plans, objectives and expectations with respect to future events, operations, products and services, and statements regarding future performance and synergies. Forward-looking statements are not guarantees of future performance and are subject to inherent risks, uncertainties and assumptions about BNP Paribas and its subsidiaries and investments, developments of BNP Paribas and its subsidiaries, banking industry trends, future capital expenditures and acquisitions, changes in economic conditions globally or in BNP Paribas' principal local markets, the competitive market and regulatory factors. Those events are uncertain; their outcome may differ from current expectations which may in turn significantly affect expected results. Actual results may differ materially from those projected or implied in these forward-looking statements. Any forward-looking statement contained in this presentation speaks as of the date of this presentation: BNP Paribas undertakes no obligation to publicly revise or update any forward-looking statements in light of new information or future events.

The information contained in this presentation as it relates to parties other than BNP Paribas or derived from external sources has not been independently verified and no representation or warranty expressed or implied is made as to, and no reliance should be placed on the fairness, accuracy, completeness or correctness of, the information or opinions contained herein. None of BNP Paribas or its representatives shall have any liability whatsoever in negligence or otherwise for any loss however arising from any use of this presentation or its contents or otherwise arising in connection with this presentation or any other information or material discussed.

Unless otherwise specified, share of the businesses’ 1H08 revenues as a % of the total operating revenues

Yearly results presented up to 2007 included reflect normative equity under Basel I. Results from 1Q08 onwards, as well as quarterly 2007 results used for comparative purposes, reflect normative equity under Basel II, as released on 2 April 2008.
A Robust Model in the Face of the Crisis

A Stringent Risk Management Culture and a Solid Financial Structure

A Strong Business Development Momentum

Conclusion
A European Leader With a Global Reach

1H08 Net Income
Top US and European banking groups

#3 net income in 1H08: €3.5bn, up from #7 in 2007

A robust model in the face of the crisis

*Including 2/3 of French and Italian Private Banking, excluding PEL/CEL effects
A Robust Model in the Face of the Crisis

**A Stringent Risk Management Culture and a Solid Financial Structure**

A Strong Business Development Momentum

Conclusion
Stringent Risk Management Culture

- Close attention paid to the risk/reward balance throughout the cycle
  - Best-in-class technical expertise combined with highly experienced management
  - Long-term approach of customer relations and risk management
  - Committed management at all levels
  - Powerful and independent oversight functions: Group Risk Management, Compliance and Internal Audit = 2,480 staff at the end of 2007, +21% 2005

- Limited exposure to the more toxic assets
  - See disclosure of selected exposures in appendix

- Proven track-record of out-performance throughout the cycle
  - Thanks to a high quality portfolio

Reaping the fruits of a stringent risk policy
Limited Exposure to the More Toxic Assets

Direct impact of the crisis on operating divisions

- A pre-tax total of €-2.6bn over 12 months in operating divisions
- Limited compensating effect from temporary “gains” on own debt: €+0.2bn, booked in the Corporate Centre
  - BNP Paribas has one of the lowest CDS spreads

Moderate impact throughout the crisis compared to the other leading CIB players
Good Quality Credit Portfolio

- **French retail**
  - Outperforming in a sound market

- **BNL bc**
  - Good quality portfolio and sound provisioning policy

- **BancWest**
  - High quality portfolio, but in the US context

- **Emerging Retail Banking**
  - Limited exposure

- **Personal Finance**
  - By nature, a higher risk profile, but mainly western European portfolio

- **Equipment Solutions**
  - Sound and well collateralised portfolio

- **CIB**
  - High quality and diversified portfolio

Well positioned to weather a deteriorating environment
Good Track Record Through the Cycle

Cost of risk
Net provisions/ Basel I risk-weighted assets (in bp)

FRB
- 1H07: 15, 1H08: 14

BNL bc
- 1H07: 7, 1H08: 2

CIB
- 1H07: -9, 1H08: -17

BancWest
- 1H07: 24, 1H08: 67

Personal Finance
- 2006**: 151, 2007**: 191

Cost of risk increase only in BancWest and Personal Finance

* Full year proforma  ** Exceptional provision on a portfolio basis and impairment charges on the investment portfolio  *** Excluding exceptional write-backs
Good quality mortgage portfolio
- Negligible exposure to subprime clients: €0.1bn
- Limited share of Alt A first mortgages: €0.3bn
- Good quality Home Equity Loan portfolio: limited 30-day delinquency rate (72bp as at 30 June 08)

Rise in the Non Performing Loans/Loans ratio primarily due to the home builders sector and consumer loans
- Exposure to home builders: €1.8bn of which €1.2bn drawn
- Majority of the consumer loan portfolio comprised of loans to super-prime customers
- Low consumer loan delinquency rate: 114bp as at 30 June 08

Lower NPL/Loans ratio than that of the peer group

Moderate deterioration given the US environment
- Spain: 14% of outstanding
  - Significant deterioration of environment
  - Swift adjustment of local operations to the new environment
- UK: limited exposure
  - €0.4bn, no mortgage
- Western Europe excluding Spain and UK
  - Very limited deterioration overall including in France
- Eastern Europe: 3% of outstanding
  - Cost of risk on the rise
- Other Emerging Markets (Brazil, North Africa, Asia)
  - No deterioration

Asset quality deterioration mainly in Spain
Corporate and Investment Banking
High Quality and Well Diversified Portfolio

- A selective credit policy
  - 95% of Excellent, Good and Average exposure
  - Consistently prudent in sensitive sectors: Subprime, LBOs, Real Estate...

- Large proportion of specialised finance with lower loss given default
  - Strong collateral
  - Plain vanilla loan book <20% of CIB’s RWA

- Highly diversified portfolio
  - Average top 20 exposures = 6.2% of S&P’s Adjusted Tangible Equity vs a median of 7.7% for the top 50 European banks**
  - Granularity maintained through time

- Limited downgrading trend observed
  - S&P upgrade to downgrade ratio 0.8 for BNP Paribas clients rated by S&P* vs 0.5 for the full S&P universe in 1H08

Exposure by internal rating (Dec. 07)

Average Top 20 exposures in % of CIB allocated equity

A consistently prudent risk policy throughout the cycle

*S&P rating actions on more than 1,300 BNP Paribas clients  ** Source S&P research – Dec 07
A 7.6% Tier 1 ratio which, given BNP Paribas’ risk profile, ensures the sector’s best credit quality, as confirmed by:

**Rating agencies**

- AA+ rating reaffirmed on 01.07.08
  “Strong and highly diversified business profile; sound financial position, characterized by contained risk, satisfactory profitability, **adequate capitalization, and high financial flexibility**; …”

- AA rating reaffirmed on 03.07.08
  “… high income diversification, respectable and stable profitability, strong risk management, **sound and good-quality capital ratios**…”

**The market**

- One of the lowest CDS spreads

---

**No pressure to raise capital**
...and Above Average Access to Liquidity…

- Limited impact of the crisis on the loan/deposit ratio
- €34bn in medium- and long-term funds raised in 1H08
  - On terms substantially better than those of main competitors
  - Compared to €29bn raised in 1H07
- Expanded investor base and reinforced security of funding
  - Strong attractiveness of the Group’s signature
  - Increased level of funding raised from institutional & corporate customers across all regions
  - Raised the liquidity reserve that can potentially be mobilised from central banks

An increasing competitive advantage for profitable business development
• Sustained growth of risk-weighted assets
  ■ In line with the 10% a year forecast
  ■ Volume growth across all the business units
  ■ Only a slight increase in the level of drawing on committed facilities

• Tier 1 capital up 5.6%/01.01.2008

• Tier 1 ratio stable at 7.6% as of 30.06.2008

A capital generation enabling to finance a sustained organic growth
A Robust Model in the Face of the Crisis
A Stringent Risk Management Culture and a Solid Financial Structure

A Strong Business Development Momentum

Conclusion
One of the safest retail banking markets
- Prudent mortgage practices: essentially fixed-rate, guaranteed either by Crédit Logement, a specialised mortgage agency, or by a mortgage on the property.

Revenue outperformance confirmed in 1H08
- Franchise focused on the more profitable urban areas
- Record customer acquisition: +230,000 in 2007, +100,000 in 1H08
- #1 in Private Banking
- Corporate customers: a unique business model in France to foster cross selling and target high quality clients
- Sustained growth in both loans and deposits outstandings

Well positioned to grow market share

*Excluding PEL/CEL effects, with 100% of French Private Bank; ** Restated excluding dividends and at constant scope for BP
BNL banca commerciale
Growing Contribution to Group’s Earnings

- Italy: an attractive banking market
  - Low growing economy, but under-penetrated market
  - Higher margins/higher risk
  - Sound mortgage practices, similar to France

- BNL: an attractive franchise
  - Nationwide presence with strong corporate franchise
  - Integration ahead of schedule
  - Expected synergies raised 15% to €550mn

- Leverage the Group’s expertise and economies of scale
  - Individual customers: roll out a multi-channel offering unparalleled in Italy
  - Corporate customers: become the benchmark bank in Italy thanks to a best-in-class CIB platform and a leading position in the Mediterranean area

Increase in the number of individual cheque and deposit accounts

Pre-tax Income

Major growth driver thanks to the integration dynamics
Growing the Customer Base through branch banking and specialised finance
- Won 1.4 million new customers since 30 June 2007 in the emerging retail banking networks
- Opened 200 branches since 30 June 2007, target 600 branches by 2010
- Win over 20 million new customers, including close to 6 million in branch banking by 2010

1H08 revenues: €4.3bn, +12.1%*
- Sharp growth in loans and deposits outstandings
- BancWest: +13.7%*

Improving operating efficiency
- Share platforms and reduce their number
- Cost/income ratio: 57.2% vs 57.6% in 1H07*

Strong gross operating income growth: +13.3%*

*Sustained business growth
*at constant scope and exchange rate
Asset Management & Services
Revenues at Historic High in a Difficult Market

- Assets under management: €546bn as at 30/06/2008
  - Net asset inflows: €4.2bn in 1H08
- Recognised expertise in all business areas
  - #1 for Private Banking in France
  - #1 for Securities Services in Europe
  - #1 for Corporate Real Estate Services in Continental Europe
- Resilient business model
  - Integrated businesses that cover the entire range of investment services (asset gathering, asset management, asset protection and asset administration)
  - Large access to clients through complementary distribution channels
  - Individuals represent 62% of AuM
- Accelerate international expansion
  - Europe: continue to grow market shares
  - Double the share of revenues in emerging markets from 5% in 2007 to 10% in 2010

Robust sales and marketing drive in a challenging environment
Corporate and Investment Banking
Very Good Operating Performance

- Strong rebound in revenues in 2Q08
  - +41% /1Q08
  - Despite -€457 mn net impact from monolines
- Steady client driven business
  - Improving competitive position
- Worldwide leadership in Equity derivatives confirmed
  - To be further accelerated following to the acquisition of Bank of America’s Prime brokerage
- Good relative performance in Fixed Income
  - Record revenues in 2Q08 in interest rates, forex, and commodities derivatives
- Very resilient financing businesses
  - Strong revenue growth in Energy, Commodities, Project and Corporate acquisition Finance
  - Significantly improved conditions

Revenues and Client Revenues

Revenues by business line
Corporate and Investment Banking
Robust Model in the Face of the Crisis

- A client driven model
- A well-positioned business mix
  - Strong derivative franchise
  - High added value specialised finance businesses
  - Limited portion of businesses directly affected by the crisis
- A favourable geographic breakdown
  - 1/3 of revenues in Asia and in emerging markets
  - ~20% of revenues in the US: focus on key areas of expertise

One of the very few CIBs to remain profitable every quarter since the beginning of the crisis

*Company Source*
A Robust Model in the Face of the Crisis

A Stringent Risk Management Culture and a Solid Financial Structure

A Strong Business Development Momentum

Conclusion
An Ambitious Growth Strategy …

- Pursue the deployment of the integrated banking model in Europe as well as across the Mediterranean and Far Eastern Europe
- Leverage the enhanced competitive positioning to grow revenues in the Western US retail network
- Capitalise on already strong positions in Greater China, India and Brazil
- Reinforce the global leadership in derivatives and energy and commodities finance

Selected growth in key markets and areas of expertise
... Fuelled by Strong Internal Capital Generation

- Business model delivering strong profitability despite the crisis
  - 3.5 bn€ net income after tax in 1H08
  - ROE above 15% in 1H08
  - Half year EPS €3.8 vs full year EPS 2007 €8.5

- Priority to organic growth: 10% RWA growth expected for 2008
  - Leveraging improved competitive position
  - Benefiting from better margins
  - While maintaining strict risk policy

- Solid dividend policy

Well placed to leverage our strengths to deliver shareholder value

Return on Equity (after tax)

20.9% 18.2% 13.5% 16.8% 20.2% 21.2% 15.8% 19.6%

Selected Exposures
based on the recommendations of the Financial Stability Forum
**Limited Exposure to the More Toxic Assets**

### SIVs: Liquidity lines €0.1bn
- No BNP Paribas sponsored SIV

### ABCP Conduits
- Liquidity lines €12.6bn of which drawn: €0.0bn
- Amount of assets in sponsored conduits: €11.2bn
- Assets essentially auto loans, consumer loans, trade receivables and equipment finance
- 45% US, negligible subprime exposure

### US Mortgage-Backed Securities - Subprime, Alt A and CMBS securities - Related CDOs
- Net exposure €0.4bn in the trading book and 0.5 bn€ in the banking book
- Net subprime RMBS exposure: €0.3bn
- Net Alt-A RMBS exposure: €0.4bn
- Net related CDO exposure: -€0.1bn

### Monoline Insurers
- Net counterparty exposure €1.15bn
- Net of hedging (€0.6mn) and credit adjustments (€1.3bn)
- €0.96bn AAA/AA and €0.19bn A/BB, negligible residual net exposure to monolines rated B and below

### LBO portfolios
- Final take exposure €6.3bn
- Net underwriting exposure €1.7bn
- Final take portfolio 78% European and 96% senior debt
- Underwriting portfolio spread over 15 transactions, more than 90% in Europe
### Exposure to Conduits and SIVs

</table>

- Only €10.8bn loans refinanced through securitisation vs. €13.3bn as at 31.12.07
- SPVs consolidated in BNP Paribas’ balance sheet since IFRS’ first time application
  - since BNP Paribas is retaining the majority of risks and returns
Good quality of US portfolio
- Only €0.2bn in subprime loans

Negligible exposure to the UK market
- No residential mortgage exposure

Exposure to risks in Spain well secured
- Property collateral on the mortgage portfolio
- Large proportion of auto loans in the consumer lending portfolio
### Sensitive Loan Portfolios
#### Commercial Real Estate

(1) Excluding owner-occupied and real estate backed loans to corporates

- Exposure to the US home builder sector
  - BancWest: €1.8bn, of which €1.2bn drawn
  - CIB: €0.4bn

- UK exposure concentrated on large property companies

- Limited exposure to commercial real estate risk in Spain
  - No home builder exposure
- Continued to reduce US RMBS positions
- Negligible exposure to subprime, Alt-A, US CMBS and related CDOs
- Predominant European good quality exposure
  - 85% rated AAA
- Booked at fair value through profit or loss
  - Valuation essentially based on market prices or observable parameters
