Successful Digital Transformation
New Customer Experiences

DM
 ► Domestic Markets: > 8m digital clients (retail banking)
   ▪ More day-to-day autonomy for clients: increase in usual transactions via apps
     (e.g. > 75% of changes of card payment limits at FRB done through selfcare)
   ▪ Sharp rise in the number of contacts via mobile app in the networks*
     (66m visits in December 2018: +28% vs. December 2017)
 ► France’s leading bank in terms of mobile functionalities (D-rating ranking)

IFS
 ► 0.9m customers in digital banks (BGZ Optima and Cepteteb)
 ► Quick development of digital in Personal Finance
   ▪ e-signature of 50% of new contracts, > 25 million monthly electronic
     account statements (>72% of statements)
   ▪ Fully digital application process for consumer loans already rolled out in 7 countries

CIB
 ► A digital platform for corporates deployed in 45 countries
   providing access to 31 applications
   ► > 9,900 clients as at 31.12.18
   ► 1,500 new clients on-boarded onto Centric since end 2017

* FRB, BNL bc and BRB
Successful Digital Transformation
Innovative Technologies & Artificial Intelligence

► **Swift development of robotics**: >500 robots already operational in the Group
  - DM: 280 robots operational at year-end 2018 (e.g. automated KYC* process handling 80% of the collection of the necessary documents)
  - IFS: >130 robots already operational (controls, reporting, data processing) and 17 chatbots deployed in the businesses (virtual assistants)
  - CIB: good development with notably 70 robots already operational in Securities Services at year-end 2018

► **Robo-advisory**: leveraging the acquisition of Gambit in wealth management and in asset management
  - Roll-out of Birdee, a digital investment advisory & management solution for individuals
  - New robo-advisory solutions to support retail & wealth management networks’ advisors
  - Natural Language Generation: 90 reports on funds generated every month in asset management thanks to artificial intelligence

*Know Your Customer*
Successful Digital Transformation
New Usage Trends & Launch Innovative Products

► LyfPay: added-value mobile payment solution to serve client relationship
- Launched in May 2017, already 1.3 M downloads of the App
- Developed with Crédit Mutuel* and with leading retail groups such as Carrefour & Auchan
- To be launched in Belgium
- Aiming to become the European reference for added-value mobile payment solutions

► Arval for me
- First online platform for individuals allowing them to service their cars through the auto repair garages under contract with Arval
- Operational in Italy and Spain: already 12,000 clients
- To be gradually extended to other countries

* CM11-CIC
**Successful Digital Transformation**

**New Account & Payment Services - Focus on Nickel**

**Nickel: strong pace of development**
- > 1.1 million accounts opened in less than 5 years

**Nickel Chrome: a successful start of the new premium card**
- Already 60,000 cards sold in 8 months (May - December 2018)
- Very competitively priced (€30 / year)

- **Insurances & assistance comparable to a Gold card**
- **No additional costs abroad**
- **Personalised (wide range of colours, …)**

- Very successful development in its segment in France
- Offer tailored for clients requiring basic account & payment services (€20 / year)
- Targeting 2 million accounts opened in 2020
- Towards 10,000 points of sale (“Buralistes”) by 2020 (vs. 4,300 at end 2018)
2020 Plan Enriched With new Savings and a Reduction in Transformation Costs

Significant cost benefits to come in 2019 and 2020 to generate positive jaws effect in each division
€600M Additional Recurring Cost Savings by 2020

- €600m additional cost savings vs. the initial plan
  - €350m in CIB
  - €150m in DM
  - €120m in IFS

Human resources
- Strict external hiring discipline - Foster internal mobility
- Significantly reduce external assistance / contractors

IT
- Further streamlining of the IT organisation
- Selective use of the public cloud to reduce operating costs
  - Evolving progressively towards hybrid Cloud

Real estate
- Optimisation of real estate footprint
  - Stepping-up of flex offices
  - Near shoring initiatives
  - Proactively manage real estate portfolio (e.g. sell Paris centre buildings; buy in periphery)

Control functions
- Reinforcement of the industrialisation of the functions
  - Increased use of artificial intelligence (compliance, risks…)
  - Streamlining of the set-up in connection with international mutualised competence centres
A Superior Quality Risk Profile Confirmed by Stress tests

- Lower impact for BNPP of the adverse scenario: -107 bp compared to the average of 48 European banks tested
- Supervisory Review and Evaluation Process (SREP): Pillar 2 requirement for 2019 unchanged

A more limited potential rise in provisions:
- Impact on the cost of risk of the adverse scenario vs. base scenario 37% below the average in Europe
- Effect in particular of the selectivity at origination & of the pro active policy to improve credit risk, e.g.:
  - Reduction of the exposure on SMEs in Italy in 2013-2016
  - Personal Finance: increase from 20% in 2016 to 35% in 2018 of car loans (which are collateralized) in the credit mix & decrease of revolving credits
- A cautious policy designed to favour the quality of long-term risks vs. short-term revenues

2018 European stress test: maximum impact of the adverse scenario on the CET1 ratio

Impact of the adverse scenario on credit risk

Adverse scenario vs. base scenario as a % (cumulated cost of risk over 3 years)

* Based on the fully loaded CET1 ratio as at 31.12.2017. For Santander, BBVA, HSBC and Barclays, the CET1 lowest level is not reached in year 3 (maximum impact in bps)
Domestic Markets 2020: in Line With Objectives
2020 Action Plan and Ambitions Confirmed

Strengthen the sales & marketing drive and grow revenues
- Continue digital transformation to enhance customer experience, offer new services, acquire new customers
  - A better segmented and more customised commercial approach
  - Simplified and digitalised end-to-end customer journeys
- Leverage on leading positions (private banking, corporates)
- Continue to grow the specialised businesses in growing markets (Arval, Leasing Solutions, Personal Investors & Nickel)

Improve operating efficiency
- Intensify cost reduction measures (> €0.15bn in additional savings vs. initial plan) and generate a positive jaws effect
- Continue adapting the branch network and support the growth of the specialised businesses
- Create omni-channel customer service centres and roll out end-to-end digitalised processes
- Streamline the organisation of the businesses (simplification, standardisation) and adapt the information systems

Continue the rigorous risk management policy
- Continue to improve the risk profile of BNL bc: target of a cost of risk at 50 bp in 2020 confirmed
- Low interest rate environment still favourable for cost of risk

2020 Trajectory
- Confirmation of the 2020 trajectory
- Revenue trend slightly above initial expectations
- Significant improvement of the operating efficiency (decrease in the cost income ratio in the networks and ~stability in the specialised businesses)
- RONE* target confirmed

* Pre-tax return on notional equity

-0.9%

Active deploying digital transformation and new operational model
- Further cost reduction planned in the networks thanks to the ongoing implementation of the 2020 plan
- e.g. Fortis’ announcement on 15 March 2019 of the closure of 267 branches and an overall headcount reduction of ~2,200 by 2021

Continuing branch network optimisation
- 262 branches closed since 31.12.2016

Branch network evolution since launch of 2020 plan

Simplification and adaptation of the branch network management
- Implemented in the 3 networks

Ongoing cost reduction in the networks
Digital transformation & branch network optimisation

* FRB, BNL bc, BRB and LRB, including 100% of Private Banking
**Pursue the growth of the businesses**

- **Consolidate leading positions** in the business units by leveraging best in class offers
- **Continue digital transformation**: new client experiences, end-to-end digitalisation of processes and optimisation of data to further improve the offering
- Continue the **selective development of retail banking** outside the Eurozone and strengthen intra-Group cooperations
- **Execute the integration** of acquisitions made

**Improve operating efficiency**

- **Industrialise & pool** the processes in all the businesses
- **Streamline** the product offering (Asset Management, Insurance)
- **Implement digital initiatives** specific to each of the businesses (distribution and client acquisition, management of product life cycles, new full digital products, etc.)
- **Intensify cost reduction measures** (> €0.12bn in additional savings vs. initial plan)

**2020 trajectory**

- Revenue growth in line with the plan
  - On the back of good business drive and the acquisitions made
  - Despite the negative impact of the foreign exchange effect (USD and TRY)
- Significant improvement in the cost/income ratio but less than expected given the negative impact of the foreign exchange effect and of costs related to development initiatives (positive jaws effect expected starting in 2019)
- **Increase of the RONE**** to a level close to the target

**Continued sustained growth in revenues and income**

*Excluding FHB; **Pre-tax return on notional equity*
Corporate and Institutional Banking
Active Implementation of the Plan

Good development of targeted client bases

- Gain of over 215 new corporate group clients in Europe since 2016 (of which 90 in 2018) in particular in targeted countries (Germany, UK, Netherlands and Scandinavia)
- Onboarding of more than 60 new groups in the US and 50 in Asia
- #1 in Corporate Banking, Cash Management and Trade Finance for European large corporates*

Decrease in costs

- Decrease in costs for the 3rd year in a row (-3.5% vs. 2015)
  - Reminder: CIB transformation plan launched in early 2016
  - €715m in savings achieved in 3 years (of which €463m since the end of 2016)
  - Rise in compliance costs, in banking taxes and in the contribution to the resolution fund
- Ramping up of mutualised platforms (Portugal, Canada, India) & end-to-end processes

Containment of allocated resources

- 2019 objective to reduce RWA (-€20bn) achieved one year ahead of schedule:
  - -€20.5bn in RWA realised in 3 years, of which -€5.5bn in 2018 (sales of loans, securitisations, etc.)
  - Selective reinvestment in business development plans and impact of the tightening of the prudential calculation rules

A three-pronged action plan to intensify transformation

- Particularly unfavourable environment in 2018 and decrease in profitability
- Decrease of the global revenue pool in the CIB industry
- Need to intensify transformation in a less favourable context

Three-pronged structural actions to improve a profitability that deviated from the 2020 trajectory

1. Review of non-strategic and unprofitable business segments
   - Preliminary scope of potential exits
     - Revenues: -€200 to -€300m
     - Cost Income >100%
     - Risk-weighted assets: ~€5bn
   - e.g. stopped Opera Trading proprietary business and commodity derivatives in the US

2. Intensify the industrialisation to reduce costs
   - €850m in recurring savings by 2020
     - of which €350m in additional savings vs. the initial plan
   - Electronisation of flow Global Markets businesses
   - Shared platforms (near-shoring)
   - Industrialisation, streamlining and mutualisation of IT & back offices

3. Focus on an even more selective & profitable growth
   - Continue strengthening positions on targeted client segments
     - Reinforced cooperation between businesses (e.g. joint platform Corporate Banking/Global Markets)
     - Continue development in targeted countries in Corporate Banking
     - Capitalise on acquisitions made and large mandates in Securities Services
CIB 2020: Updated 2020 Objectives

**Focus on profitable growth**
- Continue strengthening leading positions in Europe and selective development in the US and Asia
- Deepen the integrated model between the businesses and the regions ("One Bank")
- Develop digital initiatives in all the businesses (electronic platforms, partnerships, etc.)
- Continue the development of sustainable finance (green bonds, etc.)

➔ Be the preferred European partner of our clients

**Intensify transformation efforts**
- €1.1bn in cost savings by 2020 (of which ~€250m related to the businesses exits)
- ~€12bn reduction in risk-weighted assets by 2020 (of which €5bn related to business exits) to reinvest in business and offset regulatory constraints

**2020 trajectory**
- Revise downward the 2020 revenue target, recovering compared to the low 2018 base
- Significant improvement of operating efficiency: thanks to the additional cost saving efforts (positive jaws effect)
- Rise in the RONE* to a level very close to the initial target

Domestic Markets and IFS In Line With the Plan

Adjustment of the CIB Trajectory

- Domestic Markets: trajectory in line with the 2020 plan
- IFS: trajectory in line with the 2020 plan
- CIB: amplification of the transformation
  - Adjustment of the revenues trajectory and increase in savings by 2020
  - Rise in the RONE to a level very close to the initial objective
- Growth in risk weighted assets: ~+2.5% (2018-2020 CAGR*)
  - Stability of CIB’s risk weighted assets compared to 2016 vs 2% increase (2016-2020 CAGR*) in the initial plan
- Active management of the balance sheet (sales of non-core equity holdings or assets)
  - e.g. sale on 1st March 2019 of 9.23% of SBI Life
- No new acquisitions envisaged
- Organic capital generation of at least 30 bps per year (after dividend distribution)

 Allocation of Notional Equity to the Operating Divisions

- Example of active management of the balance sheet: sale on 1st March 2019 of 9.23% of SBI Life
  - Positive impact of close to 5 bps on CET 1
  - >450 M€ capital gain after tax

**RONE growth in each of the operating divisions**

* Compound annual growth rate

Corporate and Institutional Banking - 2018

Summary

- Leading positions in Europe
  - Ranked #3 (tied) in EMEA* with strong positions (bond issues in euros: #1; syndicated loans: #1; securities business: #1)*
  - Worldwide market share above 2.0%, stable vs. 2016**

- Revenues: €10,829m (-7.5% vs. 2017)
  - Global Markets (-15.4%): unfavourable context for FICC in 2018 in Europe and impact of exceptionally negative market movements for Equity & Prime Services at the end of the year
  - Corporate Banking (-4.6%***): +0.3%*** excluding capital gains realised in 2Q17 and impact of the sectorial policies (stopped financing of gas/oil from shale and tobacco companies)****
  - Securities Services (+8.7%***): continued growth

- Operating expenses: €8,163m (-1.3% vs. 2017)
  - Effect of cost-saving measures (€221m in 2018) and implementation of digital transformation (automation, end-to-end processes)

- Pre-tax income: €2,681m (-21.0% vs. 2017)
  - Decrease in the cost of risk

Very unfavourable market context this year
Impact on income attenuated by the decrease in costs

* Source: ranking EMEA (9M18 revenues); Dealogic rankings by volume; securities business: assets under custody as at 31.12.18; ** Source: Coalition; *** Excluding the transfer as of 3Q18 of correspondent banking business from Corporate Banking to Securities Services (Revenues: ~€25m in 2H18); **** Capital gains realised in 2017 in Corporate Banking (~€102m), stopped the financing to gas & oil from shale and tobacco companies (~€100m).
