Macro-economic Outlook

Leverage the Strength of the Integrated and Diversified Business Model

An Ambitious Programme of New Customer Experience, Digital Transformation & Operating Efficiency

A Leading Bank in Europe with a Global Reach
Success of the 2014-2016 Plan

Good Revenue Growth

- Revenue growth\(^{(1)}\): +12.1\% vs. 2013
  - Despite a more lacklustre macroeconomic context than expected

- Sustained organic growth\(^{(1)}\): +6.7\% vs. 2013
  - Good development of the businesses and success of the regional plans
  - Despite the negative impact of low interest rates, in particular on Domestic Markets
  - Impact of the significant reduction of the Energy & Commodities (E&C) business at CIB

- Positive contribution of targeted acquisitions
  - Development of the specialised businesses and retail banking outside the Eurozone: acquisition of DAB Bank (Consors bank!), GE Fleet Services Europe (Arval), 50\% of LaSer (Personal Finance) and Bank BGZ (Poland)
  - Acquisitions that generate synergies

Evolution of 2013-2016 revenues\(^{(1)}\)

\(^{(1)}\) Excluding exceptional elements (+€147m in 2013, +€538m in 2016); \(^{(2)}\) Compounded annual growth rate

Good revenue growth despite a lacklustre environment

Transformation of the Operating Model
Accompany the new Customer Experience

Upgrade the operating model
- Simplification of the branch network organisation, streamlined and closer to clients
- Centralisation of client servicing functions in competence centres
- Reviewing end-to-end processes using new technologies (artificial intelligence, robotics,…)

Adapt IT systems
- Digital platform to deliver end-to-end client experience for both clients & staff
- Gradual adaptation of IT architecture: data hub, private Cloud,…
- IT streamlining: reducing complexity and increasing agility

Enhance data use
- Customisation of client interactions
- Any time, anywhere, any device offers
- Enhance analytical skills and tools
- A charter for data protection policy

Work differently
- Digital working tools
- Agile organisation: multi functional teams to improve efficiency and time-to-market, better connect silos
- Digital skills to better serve clients and improve process efficiency

Reinvent customer experience
Upgrade the Operating Model
Ongoing Retail Networks Adaptation

- Continued optimisation of geographical footprints
  - Erosion of branch visits due to digitalisation
  - Contacts focus shifting towards advisory and complex transactions
  - # of branches reduced by 12% since 2012 (~500 in 4 years), including new branch openings
  - Largely completed roll-out of new formats and modernised branches, better tailored to new relationship styles
  - Actively continue to adapt the branch networks over the plan

- Flattening networks’ organisation to improve service & efficiency
  - Delayering already launched in BRB and BNL bc networks (-1 intermediary level)
  - Leading to increased reactivity, better client interaction and enhanced operating efficiency

BNP PARIBAS  The bank for a changing world

Investor Day – 20 March 2017 | 84
Personal Finance (3/5): Strategic Priorities

Personal Finance growth plan revolves around 4 key business pillars:

I- Build on main strengths

- Continue to develop partnerships with car manufacturers
  - E.g. acquisition of 50%, together with PSA, of Opel’s financing activities (€9.6bn loan outstandings)
- Initiate partnerships in new sectors (TelCos, food, health, travel) and in new channels (marketplaces, sharing economy) with new products (leasing, instalment, flexible credit)
- Further develop partnerships with banks, utility companies (home improvement) and brokers in existing countries
- Enrich offering and enhance portfolio management in cards & revolving lines

II- Broaden the footprint

- Bank of the West: develop a new strategic cooperation in auto business
- Develop in China leveraging on existing partnerships (Bank of Nanjing, Geely, Suning)
- Germany: leverage on Consorsbank franchise to strengthen position
- Chase growth in new countries in Europe: Austria, Netherlands, Sweden
- Enter new countries beyond Europe: start with banking partnerships to secure local funding
III- Diversify the business models

► Expansion of the business model with the launch of new digital banks in Europe leveraging key strengths: strong brand legitimacy, broad customer base, strong flow of new distribution & direct clients and large partners network
► Adapt Personal Finance solutions to new payment environment (mobile wallets, PSD2)
► Seize opportunities with FinTechs, innovate with start-up (one-click, market-places, auto online financing solutions)

IV- Digitalise and industrialise

► Improve end-user digital experience in a simplified journey (online identification, dematerialisation, electronic signatures, home banking, applications, API\(^{(1)}\) development)
► Transform marketing and operating model
  ■ Exploit digital data to optimise scoring & granting, and increase marketing performance
  ■ Personalise interactions in real time, omni-channel
  ■ Automate marketing processes & dynamic reporting
  ■ Digitalise the production process end-to-end
► Economies of scale: use of common assets and processes in all 28 countries

\(^{(1)}\) Application Programming Interface; \(^{(2)}\) In countries where digital signature is implemented (France, Italy, Germany…)

2016: e-signatures on 3.1m files (~60% of the new contracts\(^{(2)}\))

Strategic Adaptation Anticipating Long-term Trends

Integrated and simplified business model
- Right level within Group business mix: stable at ~31% of Group Allocated Equity
- Simplified organisation: integrated Securities Services within CIB and created Global Markets (Fixed Income and Equities)

Refocused activities portfolio
- Right-sized activities (Energy & Commodities, selective rightsizing of businesses and countries, proactive reduction of unproductive RWA)
- Improved commercial drive: creation of a Corporate Debt Platform, strengthening of sectorial coverage, enhanced cooperation between regions, development of cash management

Swift adaptation to regulatory constraints
- Early adaptation to rules and regulations (Basel 3 CET1, leverage ratio, liquidity, …)
- Managed financial resources and reduced leverage exposure
- Capital-conscious development, and gathering deposits to fund clients’ loan growth

Sound track-record and proven ability to adapt
