BNP Paribas is committed to growing its total loan book to the French economy by ca. 4% in 2009.

The Group also committed to implementing the Decree relative to the remuneration of top management for companies which benefited from the support of the state, ie namely not granting any stock options to corporate officers in 2009 and 2010.

Finally the Group is committed not to buy back shares as long as non-voting shares will be held by the French state, except to cover employee stock ownership schemes or within the framework of day-to-day management of the Group.

Commenting on this decision, Baudouin Prot, CEO, stated: « faced with an unprecedented global financial crisis, the French government has introduced a scheme to strengthen the banks’ capital in order to support the ongoing financing of the French economy.
