BNP PARIBAS
BEST IN CLASS RETURNS IN EUROPE AND STRONG CAPITAL GENERATION

Jean-Laurent Bonnafé
Group Chief Executive Officer
Disclaimer

The figures included in this presentation are unaudited. On 29 March 2016, BNP Paribas issued a restatement of its quarterly results for 2015 reflecting, in particular (i) an increase in the capital allocated to each business line to 11% of risk-weighted assets, compared to 9% previously, (ii) the charge of subordination costs of Additional Tier 1 and Tier 2 debt issued by the Group to the divisions and business lines, a review of the way it charges and remunerates liquidity between the Corporate Centre and the business lines and the adaptation of the allocation practices for revenues and operating expenses of Treasury activities within CIB, (iii) the allocation to the divisions and business lines of the contribution to the Single Resolution Fund, the reduction of the French systemic tax and new contributions to the deposit guarantee funds of BNL and Luxembourg Retail Banking which had been temporarily booked in the operating expenses of the Corporate Centre and (iv) some limited internal transfers of business activities and results. The 2015 quarterly result series have been restated reflecting these effects as if they had occurred on 1st January 2015. The slides related to 1Q16 results are based on the restated 2015 quarterly series.

This presentation includes forward-looking statements based on current beliefs and expectations about future events. Forward-looking statements include financial projections and estimates and their underlying assumptions, statements regarding plans, objectives and expectations with respect to future events, operations, products and services, and statements regarding future performance and synergies. Forward-looking statements are not guarantees of future performance and are subject to inherent risks, uncertainties and assumptions about BNP Paribas and its subsidiaries and investments, developments of BNP Paribas and its subsidiaries, banking industry trends, future capital expenditures and acquisitions, changes in economic conditions globally or in BNP Paribas’ principal local markets, the competitive market and regulatory factors. Those events are uncertain; their outcome may differ from current expectations which may in turn significantly affect expected results. Actual results may differ materially from those projected or implied in these forward looking statements. Any forward-looking statement contained in this presentation speaks as of the date of this presentation. BNP Paribas undertakes no obligation to publicly revise or update any forward-looking statements in light of new information or future events. It should be recalled in this regard that the Supervisory Review and Evaluation Process is carried out each year by the European Central Bank, which can modify each year its capital adequacy ratio requirements for BNP Paribas.

Evolution of CET1 Ratio by 2019

- Capital requirement (CET1) following the ECB’s SREP: 10.0% in 2016
  - Including G-SIB buffer of 0.5% in 2016
  - Phased-in CET1 ratio of 11.1% as at 31.03.16, well above the minimum requirement

- Anticipated level of fully loaded Basel 3 CET1 ratio requirement of 11.5% in 2019
  - Given the gradual phasing-in of the G-SIB buffer to 2% in 2019

- Target to achieve this level by mid 2017 thanks to:
  - Organic generation and active capital management policy (~35 bp per year)
  - Sale or initial public offering of First Hawaiian Bank (~40 bp*)

- Target of a fully loaded Basel 3 CET1 ratio of 12.0% as of 2018
  - Taking into account a 50 bp management buffer, coherent with the Group’s strong and recurring organic capital generation throughout the cycle

Target of a fully loaded CET1 ratio of 12%
Steady organic growth of CET1 ratio across the cycle

* Subject to market conditions and regulatory authorisations; ** Basel 2 from December 2007 to December 2011, Basel 2.5 as at December 2012, then fully loaded Basel 3 for the years after; *** Including the buy-back of the Fortis shares held by the minority shareholders (~50bp); **** +100bp excluding costs related to the comprehensive settlement with the U.S. authorities; ***** Q/Q-1 CET1 ratio evolution related to capital increases and acquisitions; average number of quarters of negative CET1 ratio evolution for 10 European peers

CIB: a Solid and Profitable Platform

Improving Global Positioning

- Gaining market shares from peers’ retrenching context
- Success of regional initiatives launched in APAC and in the US
- Generating best-in-class profitability among European peers

Integrated within BNP Paribas Group

- Client focused: a CIB built up organically on the Group’s historic client franchises
- 2 well-balanced client franchises: Corporates and Institutionals
- Cross-selling at the heart of the business model
- Right size within the Group business mix (31% of allocated equity)

Disciplined and Agile

- Early adaptation to Basel 3 (2011-2012 deleveraging) and ongoing reduction of leverage exposure
- E&C¹ downsizing largely completed at end-2015
- New organisation implemented since the end of 2014 to speed up the evolution
- Compliance, control and conduct: reinforcement of rules and set up
